

Your 340B Partner

Our clients enjoy a comprehensive 340B solution that manages eligibility, maintaining compliance, and initiates timely replenishment to track virtual inventory.

Comprehensive Program Data

Comprehensive Program Data PDMI's conservative and compliant 340B solution allows you to build a comprehensive, integrated and easily-auditable picture of your 340B program results. We closely monitor the rapidly changing regulatory environment for impacts to our 340B services and quickly incorporate any new opportunities or regulatory changes into our proprietary system.

Dedicated Customer Service

Our 340B team is dedicated to your growth and success. Your designated account manager is the sole point of contact, giving you the reliability and expertise to have questions and plan changes handled swiftly while incorporating the latest in government regulations and industry guidance.

Timely Reports

Our 24/7 web portal provides your reports with up-to-date 340B program data. Our financial, clinical, and management reporting tools are powerful and accessible in a variety of formats.

We provide a cost-effective plan design to help you achieve your unique 340B program expectations.

With an analysis using your actual data, plan decisions are tailored to you, not industry projections.

Innovative Ideas. **Better Lives.**
